E-mail: Website: What are the biggest strengths of this app? What are the weaknesses? "This app works very well, is easy to use, pretty quick, and very well organized. It has a good amount of clothing options too, so it can be a good choice for one with a wide range of interests. Overall, I think it would be a good choice for people with a small wardrobe." "One of the best parts about this app is the fact that you can easily create and share your very own outfit packs. With this app, you can design your own season-appropriate outfit packs in categories such as party, beach, cozy, and cute. It also has a fairly robust search feature, which can be used to find things like what shoes you want to wear, your favorite color, etc. Overall, I think it is a great app, but what I like the most about it is that it is really simple to use. At the same time, if you want more features, there are also ways to add more to this app." "I don't like how there's no personalization, like if you're wearing a certain color or a certain tie, it will throw out the automatic presets. All you get is a messy aesthetic. This app also doesn't have an easy search feature, so it's pretty difficult to find what I'm looking for. I would recommend this app to someone who's in dire need of a wardrobe planner, because it can help you plan your clothing and what items to buy. It's easy to customize what you need, or just use it as a template. If
